Foundation History

The Pulaski Community School District has a history of accomplishing great things through its educational community. In 1993, the Pulaski Community School Education Foundation, Inc. was established in an effort to perpetuate the positive school/community relations that have been a hallmark of the Pulaski Community School District. Through their financial support, all friends of the Pulaski Schools are invited to become a part of the Foundation efforts.

The Foundation is governed by a volunteer Board of Directors that operate independently of the School Board. The Foundation Board is supportive of the excellence that has always highlighted the school district.

It is the long-range goal of the Foundation Board of Directors to build the Foundation into a self-perpetuating endowment fund. By investing all contributions, the Foundation Board can make awards from the interest earned. As the Foundation grows, so does the Board's grant-making capabilities.

Your financial support of the Foundation will ensure that Pulaski's tradition of educational excellence continues.

The Pulaski Community School Education Foundation, Inc. is 501(c)(3) tax deductible charitable organization. As such, all contributions to the Foundation are tax deductible.
